

Registration of copyright

Why you should register copyright?

- 1.** You will need this in order to legally secure your rights, as copyright may be very problematic upon expiry;
- 2.** This is necessary step for securing your right of disposal.

What is a subject for registration?

- 1.** Musical compositions with or without lyrics;
- 2.** Songbooks (music albums);
- 3.** Audiovisual works, etc.

Upon completion of the procedure, you will have:

- 1.** A weighty argument, protecting your work from possible plagiarism;
- 2.** A certificate of copyright registration;
- 3.** Confidence that no one may enjoy the fruits of your labors with impunity.

Copyright registration allows you to

- Protect your product from the use by third parties;
- Protect you within the legal framework;
- Dispose of your copyright: to sell, partly transfer, or delegate copyright under agreement;
- Get rid of problems related to requests from regulatory authorities regarding eligibility of song release, CDs, or other copyright items.
